

6th Karachi Urology Week, 2017 September 18-24, 2017

6th Karachi Urology Week 2017 was held successfully from September 18- 24, 2017. There were two renowned urologists also part of this 6KUW. Dr Noor Buchholz from UAE and Dr Ata ur Rehman from Peshawar. 10 residents from all over Pakistan participated; these residents were selected from a list of applicants. The residents rotated in five leading urological centers in Karachi. On Monday they were exposed to endourology at the operating room of Kidney center with Dr Salman el Khalid, on Tuesday they had full day operating room experience of live surgery at Indus Hospital with Dr Zafar Zaidi and his team, on Wednesday with Dr Aziz Abdullah at Liaquat National Hospital, Thursday with Dr Hammad Ather at Aga Khan University with focus on Uro-Oncology and Friday hands-on workshops were held at the Centre for Innovation in Medical Education, Aga Khan University. These workshops included:

- 1) Workshops on high fidelity Uro Sim[®] simulator
 - a. Transurethral resection of prostate TURP
 - b. Transurethral resection of bladder tumor TURBT
 - c. Holmium laser enucleation of prostate HoLep
- 2) Surgical skills workshops using biological tissue
 - a. Renal transplant
 - b. Urinary diversion

On September 23-24, 2017 The Conceptual Basis of Urology Course was conducted at AKU. The course was attended by over 35 urology residents from all over the city. The course covered the entire curriculum of urology from cancer to BPH, neurogenic bladder and functional urology to urodynamic and pediatric urology. The course was accredited by AACME for 12 category 1 credit hours. The entire course and KUW6 is offered free of charge thanks to generous support from PAUS Karachi Chapter and our Industry sponsor.
