Saturday, October 9, 2021

Physical Workshops
(Limited to 10 participants only)

10:00am to 12:00pm (Morning) | 02:00pm to 04:00pm (Afternoon)

Saturday, October 9, 2021

10:00am to 12:00pm (Morning Workshops)

Workshop# 1

Microscopic Vaso Vasal Anastomosis

Facilitators: Wajahat Aziz, Nasir Sulaiman
Coordinator: Ahmed Bashir, Rafiullah

Learning Objectives: **To develop the clinical skills, professional attitudes, and knowledge base for the performance of Microscopic Vaso Vasal Anastomosis.** Understanding Clinical definition & diagnosis of obstructive azoospermia, indications, pre-procedural counselling, complications, and basic principles of microscopic surgical reconstruction. Appreciate the indications, evaluating risk of complications and medical management and basic surgical foundations underlying the care of patients with obstructive azoospermia.

Workshop# 2

PCNL on Trainer

Facilitators: Zafar Zaidi, Raziuddin Biyabani, Shoaib Mithani
Coordinator: Sana Hussain

Learning Objectives: **To develop the clinical skills, professional attitudes, and knowledge base for the performance of percutaneous nephrolithotomy (PCNL).** To Understand the indications of PCNL in particular. To learn and appreciate the pros and cons of variabilities in patient positioning and puncture techniques in PCNL. To Demonstrate the different puncture techniques on a specialized model while understanding the use of contrast agents and fluoroscopy during PCNL. To Appreciate the risk of complications during PCNL and to learn about their basic medical and surgical management options.

Workshop# 3

Retrograde Intra Renal Surgery (RIRS)

Facilitators: Hammad Ather, Farhan Ahmed, Syed Nazim
Coordinator: Kaleem Khan, Arshad Maqbool

Learning Objectives: **To develop the clinical skills, professional attitudes, and knowledge base for the performance of retrograde intrarenal surgery.** Appreciate the indications, evaluating risk of complications and medical management and basic surgical foundations underlying the care of patients with small to medium sized renal stones and tumor.

Tea and Refreshment
12:00pm to 12:30pm

Saturday, October 9, 2021
02:00pm to 04:00pm (Afternoon Workshops)

Workshop# 4
Partial Nephrectomy

Facilitators: Hammad Ather, Wajahat Aziz, Hafeez Qureshi
Coordinator: Mohammad Shoaib and Aniq Saeed

Learning Objectives: **To develop the clinical skills, professional attitudes, and knowledge base for the performance of partial nephrectomy.** Appreciate the indications, evaluating risk of complications and medical management and basic surgical foundations underlying the care of patients with small renal tumor.

Workshop# 5
PCNL on Trainer

Facilitators: Zafar Zaidi, Raziuddin Biyabani, Shoaib Mithani
Coordinator: Yasir Rasheed

Learning Objectives: **To develop the clinical skills, professional attitudes, and knowledge base for the performance of percutaneous nephrolithotomy (PCNL).** To Understand the indications of PCNL in particular. To learn and appreciate the pros and cons of variabilities in patient positioning and puncture techniques in PCNL. To Demonstrate the different puncture techniques on a specialized model while understanding the use of contrast agents and fluoroscopy during PCNL. To Appreciate the risk of complications during PCNL and to learn about their basic medical and surgical management options.

Workshop# 6
Retrograde Intra Renal Surgery (RIRS)

Facilitators: Hammad Ather, Iqbal Shahzad, Syed M. Nazim
Coordinator: Kaleem Khan, Arshad Maqbool

Learning Objectives: **To develop the clinical skills, professional attitudes, and knowledge base for the performance of retrograde intrarenal surgery.** Appreciate the indications, evaluating risk of complications and medical management and basic surgical foundations underlying the care of patients with small to medium sized renal stones and tumor.

Tea and Refreshment
04:00pm to 04:30pm

Sunday, October 10, 2021

08:30pm to 02:00pm

FCPS II Theory & TOACS Exam
(Physical – Limited participants)

FCPS II Theory Exam

Sunday, October 10, 2021

08:30am to 11:00am

Venue: Conference Hall, 4th Floor
The Indus Hospital, Karachi

A total of 100 multiple choice questions

FCPS II TOACS Exam

Sunday, October 10, 2021

11:30am to 02:00pm

Venue: Consultation Clinics, Ground Floor
The Indus Hospital, Karachi

A total of 10 stations (6 minutes each)
